

Salvus®

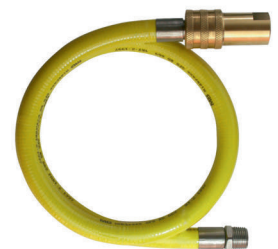

GAS RANGE

CATER HOSES | COOKER HOSES | HOB MATE®
GAS FITTINGS

Everything in the Salvus® range has been designed and manufactured to the highest possible specifications and is independently tested and certified to the latest UK and European standards.

All of our manufacturing facilities operate to ISO 9001:2015 and are regularly audited by and verified by independent certification bodies, including BSI and DVGW. The Salvus® range includes Hob Mate® – the flexible solution for gas hob installations, Kitemark approved Cooker Hoses in various lengths and with a variety of end fittings, Kitemark approved Cater Hoses and Couplers, PTFE gas seal tape, a complete range of Press Fit fittings, and high performance Hi-Pro Gas & Propane Cylinders.
