

Description

A pair of 1" Ball Valves with temperature gauge, Female to Male union connection 1". Boxed as a pair, with one red and one blue butterfly handle.

Each ball valve comes complete with an O-ring seal.

These heavy pattern ball valves are for use with manifolds.

Technical Data	
Material	Brass
Size	1"
Maximal Pressure	1.6 MPa
Working Medium	Water
Working Temperature	-20+120 °C
Thread Connection	ISO228
