

WORLD INNOVATION

PIPECUT mini

New way of cutting: precise, versatile, independent

Powerful 18V battery
Up to 140 cuts with just one battery change (depending on blade diameter)

Three new high quality saw blades
For a precise cutting performance

Convertible guide rail
For using the PIPECUT mini as circular saw, plunge saw or cross-cutting saw

Additional high quality fire-resistant bag
For absorbing shavings

Extra contact surface with ball bearing
For guiding and for cutting pipe (see M42 and up to 110mm)

Additional notch
For cutting threaded bolts

Copper, plastic, brass, cast iron or stainless steel can be cut up to a pipe diameter of 110 mm

Transform the PIPECUT mini into a circular saw, into a plunge saw or into a cross-cutting saw

Classic function smooth finished cutting performance for different materials

rothenberger.com
