

Product

BVF28 - 28mm Ball Valve with 500 Micron Filter Cartridge

BVF35 - 35mm Ball Valve with 500 Micron Filter Cartridge

Technical Specification

Max Inlet Pressure (static):

25 Bar

Working Temperature:

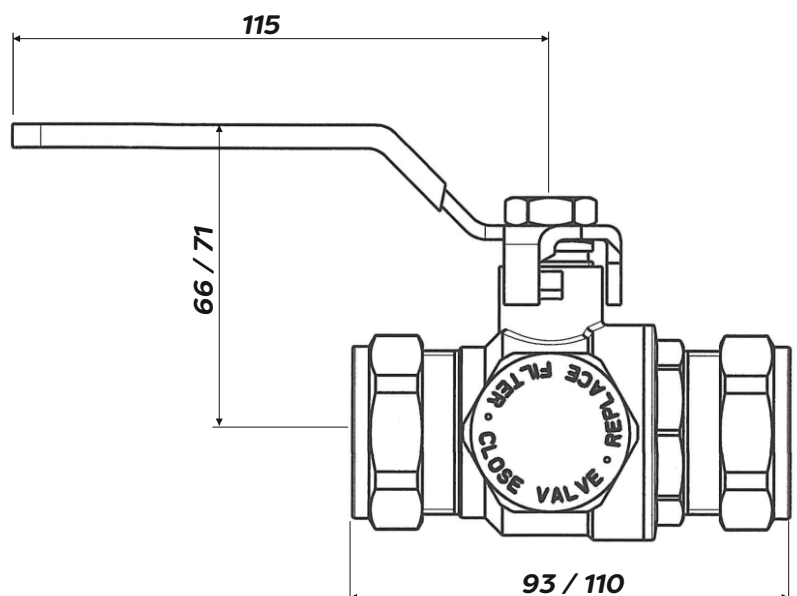

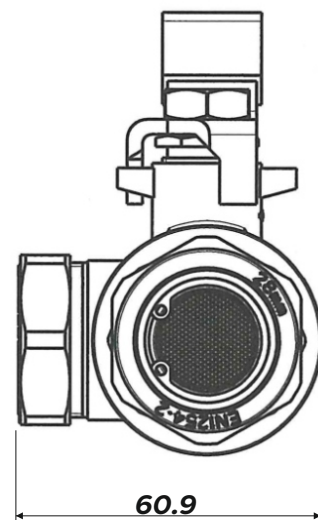

-10 to 90°C

Temperature Range:

-20 to 120°C

Filter Mesh Size:

500um

Additional Information

Solid brass construction

Lever ball valve handle

Pressure rating of PN25

Working temperature range of -10 to 90°C

Includes 500um mesh filter
